**Re: Recommendation of Sean M. Weiss, Partner, Vice President  
and Chief Compliance Officer of DoctorsManagement, LLC**

To Whom it May Concern:

I am the founder of the Force Law Firm, P.C., which specializes in healthcare law. We have retained the services of Sean M. Weiss of DoctorsManagement, LLC several times for his expertise in the area of medical coding, compliance and documentation claim review and in particular based upon his credentials and over 23 years of experience in Plastic and Reconstructive Surgery and Regulatory Compliance / Health Law.

I write to express my gratitude for the quality of the services he has provided to my plastic surgeon clients. In one case, Mr. Weiss completed an independent review of the matter between my client and Cigna Insurance Company ("Cigna") wherein Cigna concluded through its internal review that my client was over-paid over \$1,500,000.00 by Cigna. His thorough, detailed and compelling expert report resulted in a 7 figure reduction in Cigna's frivolous demand. Mr. Weiss' work has been exceptional and his technical skills in defending the Cigna audit have been instrumental in resolving the case. His vast experience and knowledge has been critical in analyzing information and developing strategies to counter the baseless demands made by the insurance company in that case and other cases. I highly recommend Mr. Weiss as a top compliance expert in the industry.
